

aromabeam™

APP-CONTROLLED SCENT DELIVERY SYSTEM

Perfect for scent marketing applications, the new Aroma Beam™ scent delivery system utilizes totally dry vapor technology. There are no messy liquids or sprays and no complicated timers to set. Aroma Beam™ is simple to control with the intuitive Scent Bridge™ smart phone app for Android and iOS.

SCENTSIA™ fragrances

- | | |
|-----------------------|--------------------|
| Egyptian Musk | Coffee |
| Spa Renewal | Utopia |
| Passion Fruit & Melon | Ocean Breeze |
| Sensational | Beach Dreams |
| Cinnamon Buns | Stolen Moments |
| Aqua Flora | Miami Vibe |
| Invigorate | Coconut Lemongrass |
| White Tea | Fresh Breeze |

Delicately traced Scentsia™ fragrance formulations are developed specifically for experiential scenting in large spaces.

Control daily and weekly schedules, set time intervals and control fragrance intensity with your smart phone!

Password protection prevents tampering. Software lockout renders the system inoperative after a predetermined time period of your choosing.
