

COIL BLASTER

FOAMING COIL CLEANER/DISINFECTANT & DEODORIZER

DESCRIPTION:

This product is a ready to use, non-abrasive, one-step disinfectant cleaner for evaporator coils in small air conditioners, commercial air handling equipment, HVAC cooling coils and refrigeration equipment evaporation coils. Virucide, Tuberculocidal, Mildewstat (on hard animate surfaces), Fungicide (against pathogenic fungi). Kills 99.9% of bacteria. Effective via AOAC methodology against a wide variety of organisms. EPA registered for HVAC applications. Controls mold and mildew. Cleans and deodorizes. Cuts grease and grime without scrubbing. No rinsing required.

FEATURES & BENEFITS

- Ready-to-use.
- No rinsing required.
- One step cleaning, disinfecting and deodorizing action.
- EPA registered for HVAC applications.

APPLICATIONS:

- Air Conditioners
- Central Cooling Systems
- Auto Air Conditioners
- Refrigerators & Freezers

DIRECTIONS:

To disinfect hard non-porous surfaces (such as HVAC catchpans and air conditioning evaporator coils), proceed as indicated below: I) Shake can before using. 2) Hold six to eight inches from surface to be treated. 3) Spray area until it is covered with white foam. Allow foam to penetrate and remain wet for 10 minutes. No scrubbing necessary. 4) Wipe off with a clean cloth, mop or sponge.

MILDEWSTAT: To control mold and mildew on pre-cleaned, hard non-porous surfaces (such as floors, walls, table tops) spray surfaces to be treated, making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.
